

Asbestos Packing with PTFE Impregnation

Code: RGSP805

Rubber & Gasket Supplies Co., Ltd

Description

Braided from high quality asbestos fiber impregnated with PTFE. It has anti-corrosive and long service properties. Economic packing.

RGSP805S -- Asbestos Fiber Packing reinforced with SS Wire

RGSP805R -- Asbestos Fiber Packing with Silicone Rubber Core

Item no.: RGSP805

Asbestos Packing with PTFE Impregnation

Item no.: RGSP805

- * Low maintenance, easy to control
- * Excellent capabilities of high strength and high temperature resistance
- * Economical packing

Typical Application

- * Universal packing, especially suitable for a wide range of applications for large rotary pumps in the medium pressure range
- * Suited for chemical neutral and resistant to water, steam, hot air, oils, etc.

Technical Data

Material		Asbestos Fiber and PTFE
Temperature Range		-100 up to +260 oC
Process	Rotating	10 bar
	Reciprocating	20 bar
	Static	40 bar
Shaft Speed		10 m/s
PH		2~13
Density		0.75~1.5 g/cm3
